

Document Guidelines for Mac Users

To view a BVT eBook you MUST use Adobe Reader for Mac.
Mac Preview will NOT work. Mac Preview is the default PDF viewer on Mac computers.

Step 1: How to Check Your OS Version (Mac)

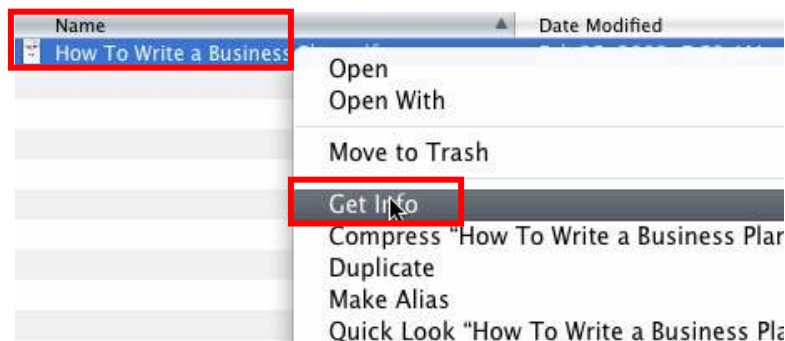

- Click on the Blue Apple
- Click on About This Mac
- About This Mac

Step 2: Download the appropriate Adobe Reader for your operating system

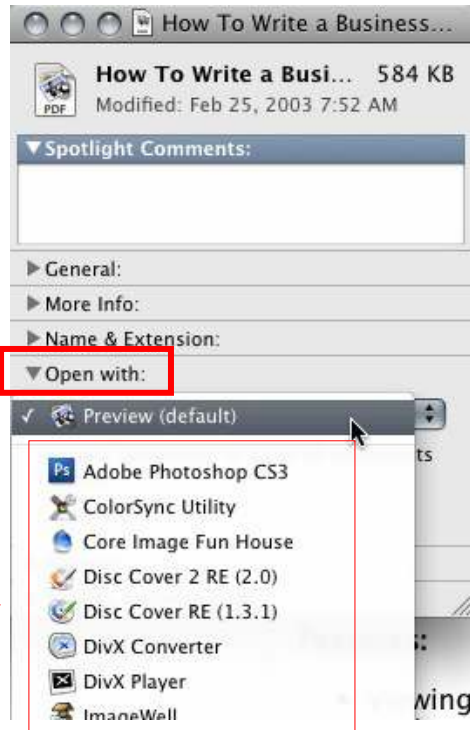

- Go to <http://get.adobe.com/reader/otherversions/>
- Download and install the software

Step 3: Set the default PDF viewer to Adobe Reader

- Find any PDF document that you have on your computer
- Right click on the document Name & click Get Info

- In the window that pops up, click the arrow next to Open With: if it's not already open

The **Drop Down Menu** will show Adobe Reader after it is installed in Step

- Then from the drop-down menu where it says "Preview", choose Adobe Reader
- Change the default to Acrobat Reader for all PDFs by clicking on "Change All"
